

Department of the Air Force, DoD

§ 855.12

Forms 2401 that are covered by a single DD Form 2400 and DD Form 2402.)

§ 855.11 Insurance requirements.

Applicants must provide proof of third-party liability insurance on a DD Form 2400, with the amounts stated in US dollars. The policy number, effective date, and expiration date are required. The statement "until canceled" may be used in lieu of a specific expiration date. The geographic coverage must include the area where the Air Force airfield of proposed use is located. If several aircraft or aircraft types are included under the same policy, a statement such as "all aircraft owned," "all aircraft owned and or operated," "all non-owned aircraft," or "all aircraft operated," may be used in lieu of aircraft registration numbers. To meet the insurance requirements, either split limit coverage for bodily injury (individuals outside the aircraft), property damage, and passengers, or a single limit coverage is required. The coverage will be at the expense of the user with an insurance company acceptable to the Air Force. Coverage must be current during the period the Air Force airfield will be used. The liability required is computed on the basis of aircraft maximum gross takeoff weight (MGTOW) and passenger or cargo configuration. Minimum coverage will not be less than the amount indicated in Table 2 to this part.

(a) Any insurance presented as a single limit of liability or a combination of primary and excess coverage will be an amount equal to or greater than the each accident minimums indicated in Table 2 to this part for bodily injury (individuals outside the aircraft), property damage, and passengers.

(b) The policy will specifically provide that:

(1) The insurer waives any right of subrogation it may have against the US by reason of any payment made under the policy for injury, death, or property damage that might arise, out of or in connection with the insured's use of any Air Force airfield.

(2) The insurance afforded by the policy applies to the liability assumed by the insured under DD Form 2402.

(3) If the insurer or the insured cancels or reduces the amount of insurance afforded under the listed policy before the expiration date indicated on DD Form 2400, the insurer will send written notice of policy cancellation or coverage reduction to the Air Force approving authority at least 30 days before the effective date of the cancellation or reduction. The policy must state that any cancellation or reduction will not be effective until at least 30 days after such notice is sent.

§ 855.12 Processing a permit application.

Upon receipt of an application (DD Forms 2400, 2401, and 2402) for use of an Air Force airfield, the decision authority:

(a) Determines the availability of the airfield and its capability to accommodate the purpose of use requested.

(b) Determines the validity of the request and ensures all entries on DD Forms 2400, 2401, and 2402 are in conformance with this part.

(c) Approves DD Form 2401 (with conditions or limitations noted) by completing all items in Section II—For Use by Approving Authority as follows:

(1) Period of Use (Block 7): The "From" date will be either the first day of approved use or the first day of insurance coverage. The "From" date cannot precede the first day of insurance coverage shown on the DD Form 2400. The "Thru" date is determined by the insurance expiration date and or the purpose of use. For example, the period of use for participants in an Air Force open house will be determined by both insurance coverage and open house dates. The permit would be issued only for the duration of the open house but must not precede or exceed the dates of insurance coverage. Many insurance policies terminate at noon on the expiration date. Therefore, if the insurance expiration is used to determine the permit expiration date, the landing permit will expire one day before the insurance expiration date shown on the DD Form 2400. If the insurance expiration date either exceeds 2 years or is indefinite (for example, "until canceled"), the landing permit will expire 2 years from the issue date or first day of coverage.
